

Level Up Aftercare Housing

CaringWorks' Level Up assists program participants who have successfully completed treatment to optimize their capacity for independent living. Level Up provides housing and supportive services to single adults who have experienced homelessness, who are managing their addiction, and who are living in recovery. Services include housing placement, development of an individualized plan, care coordination, individual counseling, and linkage to services such as healthcare and job training.

Program Eligibility

- Age 18 years or older
- Be able to sustain a household, independent of live-in aide or assistant
- Persons with psychiatric backgrounds must be free of imminent risk of harm to themselves or others
- Active proof of employment and/or school enrollment
- Have a recovery sponsor
- Remained relapse free for at least 180 days
- Provide proof of a medical assessment within the last 90 days
- Must have an identified primary care physician or medical plan on file
- Be referred by a qualifying treatment program or provide proof of discharge within the last 90 days

"We will fully evolve as a society when we learn to genuinely care about the marginalized and forgotten; when we learn that no one is disposable."

CaringWorks exists to give those who seek it, a better way to live."

- Carol Collard, President & CEO
